Z

Zerah, Michele, 347
Ziegler, R, 327

A

Abdominal pain
  self-hypnosis treatment — 447
  sigmoid volvulus as cause — 213
  superior mesenteric artery syndrome and pancreatitis — 563
  urachal web as cause — 625

Acetaminophen
  antipyretic effects — 313
  evaluation of occult hepatotoxicity — 243

Acidosis, renal tubular — 533

Adolescent medicine
  ASCUS found on pap smears — 133
  bone mineral density — 423
  Hashimoto encephalopathy — 273
  health care interventions for homeless teenagers — 259
  syncope in girls — 457
  Teenager's Group Discharge — 692

Adrenal glands
  congenital adrenal hyperplasia — 1, 125, 621
  hemorrhage and transient antiphospholipid antibody — 347
  lipoid congenital adrenal hyperplasia — 403
  neonatal adrenal hemorrhage — 545

Aggression: television *vs.* sociological variables — 337

Allergy to milk associated with constipation — 399

Alport's syndrome — 607

Alternative medicine
  echinacea study — 265
  herbal medicine — 271

Anemia
  autoimmune hemolytic, following DPT vaccination — 355
  Helicobacter pylori presenting as — 111
  multivitamins with iron as prophylaxis — 549

Animal-transmitted infections: *Pasteurella multocida* — 159

Anorexia nervosa and synovial effusion — 242

Antacid-induced rickets — 389

Antiphospholipid antibody and adrenal hemorrhage — 347

Apnea
  atypical seizures manifesting as — 283
  obstructive sleep apnea/hypoventilation — 287

Apparent life-threatening events (ALTE) — 283

Arterial disease causing refusal to walk — 343

Asthma
  effect of management program on admission rates — 425
  inhaled corticosteroid therapy — 79, 185
  interventions to improve medication adherence — 253

Attention deficit hyperactivity disorder and seizures — 221

Autism treatment with secretin — 327

Automotive restraint devices — 35

B

Bacteremia, occult: decision analysis — 583

Ballismus — 49, 53

Baseball/softball impact injuries — 197, 205

Behavior
  history of failure to thrive and — 63
  physicians discussing psychosocial concerns with parents — 555
  television *vs.* sociological variables — 337

Behavior contract to improve medication adherence — 253

Berger's syndrome — 607

Bezoars of undigested milk — 603

Bone mineral density in adolescents — 423

Bottle feeding, prolonged: effect on nutrition — 481

Breast enlargement in a male — 421

Breastfeeding
  fluoxetine (Prozac) toxicity — 681
  frequent feeding and failure to thrive — 27
  thrush diagnosis and treatment — 503

Breathing in infants: nasal *vs.* oral — 567

Bronchiolitis, RSV practice guidelines — 489

C

Camping for diabetic children — 511, 517

Cancer: utility of skin biopsies — 139

Candidal infection in breastfeeding dyad — 503

Cardiomegaly — 615

Cardiovascular disease risk — 149

Celiac disease
  frequency in Down syndrome — 249
  identification in patients without typical symptoms — 575

Cerebral palsy, ballismus associated with — 49

Child abuse
  needle insertion — 461
  shaking impact syndrome — 351

Chloral hydrate sedation for echocardiography — 381

Chromosomal abnormalities: Klinefelter syndrome variants — 639

Circumcision: training model for — 409

Cobalamin deficiency and spinal cord degeneration — 413

Cognitive status and history of failure to thrive — 63

Coin ingestion: esophageal mucosal injury — 677

Colic, infantile
  gastric duplication symptoms ascribed to — 364
  as migraine-related — 295

Community-based services — 93

Concussion guidelines: clinicians' knowledge — 207

Congenital anomalies/disorders
  adrenal hyperplasia — 1, 125
  cutis laxa with growth retardation — 422
  gastric duplication with extralobar pulmonary sequestration — 364
  heart defects: developmental delay — 497
  hypothalamic hamartoma — 163
  interstitial pneumonitis and rubella — 101
  midline cervical cleft — 363
  nasopharyngeal teratoma — 182
  wattles in a infant — 41

Constipation due to milk allergy — 399

Continuous positive airway pressure — 55

Corticosteroids in acute asthma treatment — 79, 185

Corynebacterium xerosis sepsis — 181

Costs of medical care
  consequences of rule-out sepsis evaluation — 71
  inpatient service restructuring — 653, 661

Cutis laxa with growth retardation — 422

D

Dehydration, hypernatremic, and dural sinus thrombosis — 45

Dental development, accelerated, and congenital adrenal hyperplasia — 621

Denver Child Health Passport — 169

Developmental delays: screening children with heart defects — 497

Diabetes, camping for children with — 511, 517

Dietary supplements
  echinacea study — 265
  herbal medicine — 271
  multivitamins with iron and anemia — 549

Dipyrone — 313, 325

Down syndrome: celiac disease prevalence — 249

DPT vaccinations and autoimmune hemolytic anemia — 355

Drug overdoses: methadone — 119

Drug trials investigating side effects in pediatric patients — 325

Dural sinus thrombosis complicating hypernatremic dehydration — 45

E

Eating/feeding disorders
anorexia nervosa and synovial effusion — 242
frequent breastfeeding and food refusal — 27

Echinacea preparations — 265

Echocardiography: sedation medications — 381

Edema, acquired penile — 523

Educational intervention: impact on immunizations — 365

Emergency department use of propofol — 663

Encephalopathy, recurrent, in an adolescent — 273

Epilepsy and attention deficit hyperactivity disorder — 221

Epstein-Barr virus
cerebellitis presenting as obstructive hydrocephalus — 229
myocardial ischemia as atypical presentation — 277

Esophageal mucosal injury from coin ingestion — 677

Esophageal perforation in ELBW neonate — 637

Estrogen excess and congenital hypothalamic hamartoma — 163

Eyelid foreign body — 395

F

Failure to thrive
behavioral & cognitive outcome — 63
frequent breastfeeding and food refusal — 27

Fainting in adolescent girls — 457

Fat necrosis, subcutaneous, accompanied by hypercalemia — 217

Feeding disorders — 27

Fever
consequences of rule-out sepsis evaluation — 71
decision analysis for bacteremia risk — 583
dipyrone *vs.* ibuprofen *vs.* acetaminophen — 313
movement disorders and — 49, 53
normal ear temperatures — 333

Fiber supplementation and lipid profile — 291

Flood disaster: social, economic and health impacts — 573

Fluoxetine toxicity in a breastfed infant — 681

Foreign bodies
esophageal pennies: zinc content — 677
green paint in the eyelid — 395

G

Gamma-sarcoglycanopathy — 115

Gastric duplication with extralobar pulmonary sequestration — 364

Gastroduodenitis, asymptomatic and *Helicobacter pylori* — 111

Genetic disorders
congenital adrenal hyperplasia — 1, 125, 621
gamma-sarcoglycanopathy — 115
glycogen storage disease type II — 616
lipoid congenital adrenal hyperplasia — 403
Noonan's syndrome — 241
pyruvate carboxylase deficiency — 519
renal tubular acidosis — 533

Gentian violet exposure and laryngotracheitis — 233

Glasgow Coma Score — 375, 379

Glycogen storage disease type II — 616

Growth hormone therapy
in leukemia — 441
papilledema and — 629

Growth pattern assessment — 61

Gynecomastia, idiopathic — 421

H

Haemophilus influenzae non-type b sepsis and meningitis — 155

Haemophilus influenzae type b and meningitis rates — 595, 601

Hamartoma, congenital hypothalamic — 163

Hashimoto encephalopathy — 273

Head injuries
baseball/softball impact injuries — 197, 205

gauging the severity of — 375, 379
shaking impact syndrome — 351
Teenager's Group Discharge — 692

Hearing loss, sensorineural, in infants — 453

Heart defects, congenital: developmental screening — 497

Helicobacter pylori presenting as anemia — 111

Hematuria and thin basement membrane nephropathy — 607

Hepatotoxicity, occult acetaminophen — 243

Herbal medicine — 265, 271

Homelessness: health care interventions for teenagers — 259

Homocysteine and cardiovascular disease risk — 149

Homocystinuria — 99

Hospitalism and restructuring of inpatient service — 653, 661

Hydrocephalus
Epstein-Barr virus cerebellitis presenting as — 229
shaking impact syndrome and — 351

21-Hydroxylase deficient nonclassic congenital adrenal hyperplasia — 621

Hypercalemia accompanying subcutaneous fat necrosis — 217

Hypercholesterolemia, fiber supplementation for — 291

Hypereosinophilia and streptococcal infection — 303

Hypernatremic dehydration — 45

Hypnotherapy for recurrent abdominal pain — 452

Hypocalcemia: pathogenesis and management — 305

I

Ibuprofen: antipyretic effects — 313

Idiopathic thrombocytopenic purpura and WinRho — 61

Immunizations
autoimmune hemolytic anemia following DPT vaccination — 355
impact of educational intervention — 365
impact of *H. influenzae* type b conjugate vaccines — 595, 601
infants of adolescent parents — 169
pneumococcal: effect on management of bacteremia — 583
poliomyelitis, parents' opinions on — 435
S. pneumoniae — 601

Inpatient service restructuring — 653, 661

Iron deficiency: effect of multivitamins with iron — 549

K

Kidney duplication in familial Noonan's syndrome — 241

Klinefelter syndrome variants — 639

L

Lactobezoars — 603

Laryngotracheitis, obstructive, secondary to gentian violet exposure — 233

Leukemia: growth hormone replacement therapy — 441

Limping secondary to peripheral arterial insufficiency — 343

Lipoid congenital adrenal hyperplasia — 403

Lipoprotein (a) and cardiovascular disease risk — 149

M

Medium-chain triglycerides and urinary dicarboxylic acids — 225

Meningitis
impact of *H. influenzae* type b conjugate vaccines — 595
non-type b *Haemophilus influenzae* sepsis — 155
in very-low-birth-weight infants: outcomes — 473

Methadone poisoning — 119

Midazolam sedation for echocardiography — 381

Middle ear effusion, diagnostic technique — 453

Migraine: association with infantile colic — 295

Milk allergy associated with constipation — 399

Movement disorders — 49, 53

Muscular dystrophy, severe childhood autosomal recessive — 115

Myocardial ischemia and Epstein-Barr virus infection — 277

N

Nasal breathing in infants — 567

Nasopharyngeal teratoma, congenital — 182

National Cooperative Growth Study — 441

Neck masses
  thyroglossal duct cyst — 673
  wattle in an infant — 41

Neonates
  adrenal hemorrhage: sonographic findings — 545
  esophageal perforation in ELBW neonate — 637
  hypernatremic dehydration — 45
  meningitis in very-low-birth-weight infants — 473
  thrombolysis in — 105, 109

Nephropathy, thin basement membrane, and hematuria — 607

Noonan's syndrome — 241

Nutrition
  effects of prolonged bottle feeding — 481
  fiber supplementation for hypercholesterolemia — 291
  MCT oil and urinary dicarboxylic acids — 225
  multivitamins with iron and anemia — 549
  vegan diet and spinal cord degeneration — 413

P

Pancreatitis
  chronic relapsing and homocystinuria — 99
  superior mesenteric artery syndrome and — 563

Pap smears: ASCUS in adolescents — 133

Papilledema
  during growth hormone treatment — 629
  shaking impact syndrome causing — 351

Parents
  automotive restraint choice — 35
  communicating with postpartum mothers watching television — 465
  discussing psychosocial concerns with pediatricians — 555
  effect of rule-out sepsis evaluation — 71
  intervention to increase infant immunizations — 169, 365
  opinions on poliomyelitis immunizations — 435

Passive otic indigenous noise transmission — 453

Pasteurella multocida pneumonia — 159

Penile edema — 523

Periorbital cellulitis secondary to paint foreign body — 395

Pharyngitis, throat cultures for Group A Streptococcal infections — 191, 531

Physical examinations for Special Olympics — 685

Physicians
  characteristics of women pediatricians — 17
  communicating with postpartum mothers watching television — 465
  concussion guideline knowledge — 207
  discussing psychosocial concerns with parents — 555
  hospitalists and inpatient service restructuring — 653, 661

Pneumomediastinum, causes of — 87

Pneumonia
  due to oil aspiration — 507
  impact of vaccines — 601
  Pasteurella multocida — 159

Pneumonitis, interstitial, and congenital rubella — 101

Poisoning. *See* Toxicity/poisoning

Poliomyelitis immunizations: parents' opinions on — 435

Preventive medicine. *See also* Safety
  cardiovascular disease risk — 149
  counseling practices of women pediatricians — 17
  intervention to increase infant immunizations — 169, 365

Propofol use by emergency departments — 663

Psychosocial topics: parental expectations of pediatricians — 555

Puberty, precocious, and congenital hypothalamic hamartoma — 163

Pulmonary edema, recurrent, and apnea — 287

Pyelonephritis and voiding cystourethrography — 302

Pyruvate carboxylase deficiency — 519

R

Reimbursement and telehealth — 93

Renal failure after WinRho — 61

Renal tubular acidosis — 533

Respiratory distress due to home remedy — 507

Respiratory support with continuous positive airway pressure — 55

Respiratory syncytial virus practice guidelines — 489

Retropharyngeal abscess: respiratory support — 55

Rickets, antacid-induced — 389

Rubella, congenital, and interstitial pneumonitis — 101

S

Safety issues. *See also* Toxicity/poisoning
- automotive restraint choice — 35
- baseball/softball impact injuries — 197, 205

Secretin as autism treatment — 327

Sedation
- echocardiography: chloral hydrate *vs.* midazolam — 381
- emergency department use of propofol — 663

Seizures
- in attention deficit hyperactivity disorder — 221
- manifesting as apnea — 283

Self-hypnosis for abdominal pain — 447

Sepsis
- *Haemophilus influenzae* non-type b and meningitis — 155
- sickle cell disease and corynebacterium xerosis sepsis — 181
- unintended consequences of evaluation — 71

Sexually transmitted diseases
- ASCUS found on pap smears and — 133
- health care interventions for homeless teenagers — 259

Shaking impact syndrome — 351

Sickle cell disease and corynebacterium xerosis sepsis — 181

Skin biopsies: utility in cancer patients — 139

Special health care needs and telehealth — 93
